Appointment of Regional Fundraising Manager

Dear Candidate,

Thank you for your interest in our role of Regional Fundraising Manager at British Heart Foundation (BHF).

It is my privilege to lead the Marketing, Fundraising and Engagement team for one of the UK's largest charities and the biggest independent funder of research into cardiovascular disease in the UK.

Our vision is a world where everyone has a healthier heart for longer. A world where fewer hearts stop without warning and more of us can live well for longer with the people we love.

We know achieving this won't be easy. But thanks to decades of discovery and scientific advances – we are more confident than ever.

Together, we believe we can stop the devastation for the millions affected by these conditions. All it takes is passionate people like you standing alongside us and believing in the power of research to create a better, brighter, healthier world for everyone.

As our Regional Fundraising Manager, you'll lead and support a team of Fundraising Managers to deliver income and engagement targets across your region. You'll grow support for the BHF by securing corporate partnerships, developing volunteer and supporter networks, and leading impactful fundraising campaigns that strengthen community engagement and awareness.

We want an exceptional colleague who exemplifies and champions our values; brave, informed, compassionate and driven. It's an incredibly exciting time to be part of our team. We are more ambitious and determined than ever – because the potential cures and treatments we need are in sight. You could be part of getting us there sooner, so thank you for your interest.

BHF is also proud that we are working towards being a truly diverse organisation, with an Equality, Diversity and Inclusion (EDI) strategy setting out a roadmap of changes we want to see. Our growing commitment to equality, diversity and inclusion spans across our organisation and we pride ourselves on being an inclusive employer who puts diversity at the heart of everything that we do.

So, if you feel you have the skills and experience that we are looking for, and you share our determination to help fund lifesaving research, then we would be delighted to hear from you.

Claire Sadler
Chief Marketing and Fundraising Officer

About us

If you had a heart condition in the early 1960s, your chances of survival were slim. At that time, cardiovascular disease caused more than half of all deaths in the UK, and 7 out of 10 people who had a heart attack in the UK died.

It was clear that something had to change, and fast. So, a group of cardiologists formed British Heart Foundation (BHF) in 1961 and set out to find lifesaving answers through science and provide health information and support to those who need it most.

Since then, research we've funded has been at the forefront of scientific progress across the globe. We've helped transform treatments for heart attack, helped to restart hearts with the development of portable defibrillators and proved that statins can save lives, offering hope to those who desperately need it.

These are incredible achievements and a testament to the passion of the researchers we fund and BHF staff, volunteers, and supporters. Thanks in part to these breakthroughs and many others, the number of people dying from cardiovascular disease each year in the UK has nearly halved since BHF was set up. But our work is far from over.

Despite the strides we've made, cardiovascular disease remains the world's biggest killer. In the UK alone, 1 in 4 of us

die from them. It affects people of all ages and can stop hearts unexpectedly – leaving gaping holes in families and futures in tatters. This is why our research is still needed.

Hearts are precious. We write from them. Sing from them. Follow our dreams with them. And while we understand more about them today than we did seven decades ago, there is still so much left to discover. BHF can't tackle these conditions alone. The only way we can rise to some of the biggest challenges in cardiovascular medicine and save more lives is by continuing to fund scientific research.

Our vision is a world where everyone has a healthier heart for longer. Where fewer hearts stop without warning and more of us can live well with the people we love.

We know achieving this won't be easy. But thanks to decades of discovery and scientific advances, we are more confident than ever. Together, we want to stop the devastation for the millions affected by cardiovascular disease. All it takes is passionate people like you and believing in the power of research to create a better, brighter, healthier world for everyone.

“CPR and heart surgery saved my life when I was six. Research made that happen.”

Jadyn Briggs

Being a responsible charity

Every year we make further progress to being a more sustainable, fairer and well-governed charity.

We raise money to fund research to find cures and develop treatments for the world's biggest killers. And we are determined to do this in a responsible way.

When it comes to environmental factors, links to cardiovascular disease are clear. Research shows that people living with cardiovascular disease are more likely to be negatively impacted by extreme weather such as intense heat and cold.

We're also committed to making BHF as sustainable as possible throughout its operations. This includes a commitment to reducing avoidable waste, and reducing our carbon footprint with a commitment to be a net zero organisation by 2045, at the latest.

This covers all areas of our activities, from direct emissions, such as the heating we use in our BHF offices and stores, to the much more significant indirect emissions from within our supply chain through to how the research we fund is undertaken.

Our sustainability targets are ambitious and have been designed in accordance with the Greenhouse Gas Protocol and the Science Based Targets Initiative (SBTi). Our roadmap to net zero has six focus areas.

- energy efficient and zero emission buildings
- zero emissions transport
- product sourcing and suppliers
- travel and logistics
- waste and circular economy
- responsible research funding.

BHF remains dedicated to investing our funds responsibly, in line with our mission and values.

Sometimes the research we fund may involve animals; this isn't something we take lightly and you can read more about our commitments in research on our website.

Our strategy

Our strategy sets out how we aim to save and improve lives on a scale more ambitious than ever before.

Our vision is a world where everyone has a healthier heart for longer. We'll get closer to that day by focusing on three goals:

- We will stop heart disease before it starts, by revolutionising how we prevent it
- We will save more lives from heart disease by discovering groundbreaking treatments and cures
- We will support everyone with heart disease to live a longer, healthier life.

Belonging

Our push for equality, diversity and inclusion takes many forms, including how we manage our organisation, and how our research funding helps to tackle health inequalities.

An important starting point is making sure BHF's workforce reflects the general population so we can better represent the experiences and voices of the communities we support. A more diverse, inclusive, and fair BHF will not only improve the quality of what we do, but the impact we have.

The ongoing work of our Health Inequalities and Research Inequalities working groups demonstrate our commitments to improve EDI beyond our own workforce, and into the wider healthcare systems and research ecosystems we work so closely with

We want all of our BHF colleagues to have development and progression opportunities, and to embed a more inclusive culture throughout our organisation. Our EDI strategy sets out our roadmap of the changes we want to see.

We have a number of affinity groups within the organisation. These include spaces for working parents, individuals from different religious, racial, and ethnic backgrounds, members of the LGBTQIA+ community and those with disabilities and long term health conditions. These are designed to be spaces for colleagues to feel connected, included and heard.

Colleagues frequently organise internal events to foster a sense of belonging, often led by one of our Affinity Groups which serve as a focal point for colleagues with shared interests to come together. For example, we enjoyed a fantastic and joy-filled celebration of Diwali at both our London and Birmingham offices.

We want to fund lifesaving research for everyone. We can help to achieve this by welcoming colleagues from all backgrounds to come and be part of our BHF family.

Building an inclusive and supportive environment

We recognise the importance of ensuring BHF offers an environment that allows all our colleagues and volunteers to thrive. Our equality, diversity and inclusion (EDI) strategy, continues to deliver positive improvements to ensure this is the case.

Whilst working at BHF, we actively encourage our colleagues to feel safe to bring their true selves to work. We strive to create a culture where colleagues are inquisitive about diversity and keen to get involved in all activities which make individuality and inclusivity part of what we do every single day.

Improving diversity in research

Making the world a fairer place is an important goal, one that we are proud to contribute to by tackling inequalities in cardiovascular health, improving the diversity of our research workforce, and making BHF a more inclusive place to work.

We want to have achieved greater inclusivity in the funding and the design of research, as well as in the cardiovascular research community. We have focused on collating data that defines our starting point, so we can take the right action to improve diversity.

We've published our first research funding diversity report. The report provided valuable insight that is helping us shape our future actions to address under-representation in our research community.

Staff engagement

Every year we reinforce our EDI commitment through a colleague engagement survey, to help us understand how we can continue to improve.

One of the most important questions is whether BHF has created an environment where people of diverse backgrounds can succeed. Last year, 2023-24, we were at 86% and set a target score of 90% for January 2025 which we are pleased to say we achieved this year!

Enhancing our benefits

We aim to empower and support the health and wellbeing of everyone who works at BHF, and so we continually review our staff benefits to ensure they are fair and attractive both to current and potential employees.

We've recently added a holistic and flexible Support Leave provision for everyone. This provides extra paid time off to support colleagues or others close to them during a life event.

Celebrating Pride

Pride is a chance for us to learn and show support for the LGBTQIA+ community. BHF colleagues have taken part in Pride events across the country since 2018, including Pride marches in Edinburgh, Cardiff, Belfast and London.

Wellbeing

We take immense pride in fostering an environment that prioritises the health, safety, and wellbeing of our employees, volunteers, and customers. Our excellence in health, safety and wellbeing is about cultivating a culture where every individual feels valued and safe.

One of our standout initiatives is the Live Well Work Well project group, which plays a pivotal role in enhancing workplace wellbeing. This group organises a myriad of activities and resources aimed at promoting and supporting mental, physical, social and financial health.

At BHF, we believe that a safe and healthy workplace is the foundation of success. As we continue to innovate and grow, our commitment to health, safety, and wellbeing remains unwavering. Join us and be a part of an organisation that not only values your professional contributions but also cares deeply about your overall wellbeing.

A flexibly connected organisation

Our flexibly connected programme allows colleagues to work flexibly, in a way that helps unlock their best work for the cause.

The programme has been engaging with our Champions network, gathering insights from colleagues through our Ways of Working Study, to continuously adapt the approach where needed. It was awarded the Best Flexible Working Strategy at the HR Excellence Awards.

Join us at BHF and be part of a team that truly cares about your wellbeing. Together, we can make work to a world where everyone has a healthier heart for longer, while supporting each other every step of the way.

Our People Power

Our vision is a world where everyone has a healthier heart for longer, but we can't get there without our brilliant colleagues and volunteers.

At the heart of Our People Power sits our central people ambition, through which we will drive performance to further progress and accelerate BHF's lifesaving work, leveraging the unique talents and skills of our people.

We will power up our people to bring their best every day, providing a brilliant work experience, continuing to make BHF a great place to work. Through inspiring, empowering and enabling our people, whatever their role and background, we will collectively power towards our vision as a world where everyone has a healthier heart for longer.

To achieve our strategic aims, we need everyone pulling in the same direction. Our people ambition unites us all, bringing all our people (colleagues and volunteers) together to play their part in creating a world where everyone has a healthier heart for longer.

Our values

We are proud that the work we do is funding groundbreaking, lifesaving research. Our vision is a world in which everyone has a healthier heart for longer.

That's why our values are key to defining who we are, how we do things and how we can achieve our ambitions so that every pound we raise funds the research that keeps millions of hearts beating.

Brave

We speak out.
We're decisive.
We're innovative.

Compassionate

We're open and honest.
We respect others.
We care.

Informed

We're clear.
We're open minded.
We work together.

Driven

We're focused.
We're determined.
We keep learning.

Our benefits

We all achieve more together when we're happy and healthy. As a world class organisation, we offer competitive salaries and an attractive package of benefits, designed to support the health and wellbeing of everyone who works here. Our generous benefits include:

Annual leave

Our annual leave allowance of 30 days plus bank holidays is among the best in the sector.

Health care

We offer employees private healthcare, dental health cover and a contribution towards your gym membership.

Family care

We offer 12-weeks' pay for all family leave including maternity, paternity, adoption and neonatal care leave and are committed to offering returning parents and guardians the opportunity to work flexibly.

Live well. Work well.

Heart health is central to our mission, and that starts with you. We provide a programme of activities, opportunities and guidance to inspire and support you to live a healthy and happy life, at home and at work.

Support leave

We offer a holistic support leave of up to 10 days leave to support colleagues in time of uncertainty, where you may need to take additional time away from work to support yourself or others during a life event, such as caring.

Pensions

Our generous pension scheme will support you to save for your retirement. You can contribute a minimum of 3% but can increase this to 8% or more, with employer contribution starting at 5% and increasing to a maximum of 10%.

Working in fundraising

Our Community Fundraisers work with BHF supporters every day and bring our work to life at a local level. It is a diverse and challenging role, forging relationships with a range of individuals, groups and organisations across a patch, helping to secure income that saves lives. Each patch has an ambitious target and contributes to an overall area target.

We have a bold new strategy for growth and our ambition is to recover our community fundraising income to pre-pandemic levels this year and grow this significantly over the next 5 years. Come join us and make a real difference in your local community.

Hear from some of our team:

"The variety of the job is absolutely the part I find the most rewarding. One day I can be preparing for an insight call with a potential corporate partner which might be worth £50k, the next day I am rolling up my sleeves and helping out at a fundraising event organised by one of our amazing groups and volunteers. Creating awareness of heart-related disease and generating income to support our life-saving research is something I am passionate about for very personal reasons and it has been a joy to find so many others who feel the same, both at the BHF and beyond." - Rebecca (Fundraising Manager)

When I was asked to describe what it's like working in the London team at BHF, my first thoughts were, where do I start? I have been in my role for 12 weeks and no two days are the same, no two supporters are the same, so it's always different and diverse. The role is busy with lots of opportunities for building relationships. It's a pleasure representing the BHF and the resources here to support our cause are exceptional." - Julie (Fundraising Manager)

Job description

Job title	Regional Fundraising Manager		
Directorate	Marketing, Fundraising & Engagement		
Team	Head of Community Fundraising		
Reporting to	Regional Fundraising Manager		
Agility contract type	Field	No of direct reports	0
Location	Home (must be located within the area the role covers)		
Budget responsibility	Circa £1.5 million (ranges from £1m to £2m)		
Job level	6	Date	Sep 2026

Role Summary

To maximise income and awareness for the BHF by developing and implementing a regional plan to deliver BHF’s national Community Fundraising Strategy. Lead, manage and offer hands-on fundraising support and development to a team of Fundraising Managers to deliver both patch and area targets.

This role will proactively secure fundraising corporate partnerships, build and develop our volunteer and supporter networks, lead and deliver national campaigns, local and national and maximise community engagement.

Key responsibilities

Leadership and Management

- Recruit, lead and manage a team of high calibre Fundraising Managers within your region in line with BHF policies and Fundraising Directorate guidelines
- Lead a team of Fundraising Managers within a regional patch in an inspiring, cause-driven way by setting performance objectives and targets, motivating the team and enabling them to meet their financial and supporter objectives
- Proactively manage performance, holding monthly 121s and annual performance and development reviews
- Work with the Fundraising Managers to devise and deliver local plans for their patch in line with the UK Community Fundraising strategy in order to maximise income, exceed target and ensure a strong corporate pipeline of prospects and income, whilst strengthening community engagement and awareness of the BHF
- Effectively train, coach and direct a regional fundraising manager team, fostering the development and retention of talent
- Champion the sharing of knowledge and learning across the direct team and more widely within Community Fundraising
- Contribute proactively and act collectively as a member of the Community Fundraising Leadership Team, taking the lead and collaborating on cross-charity initiatives. This includes working closely with the Operations Team and acting as an informed customer voice into national work - bringing insight from what works in communities

Financial

- Track and monitor income within your team, providing commentary and forecasts as well as performance reporting. Identify any variances in income and put in place contingency plans to address these with your team
- Ensure delivery of regional income budgets, and secure both pipelined and sustainable income streams; providing a strong base for year-on-year growth

Supporters, stakeholders and relationships

- Ensure the highest quality of supporter care and experience for our supporters and to resolve any complaints, concerns or conflicts in accordance with policy
- Ensure effective collaborative working with the Customer Service Centre
- Forge strong relationships with other BHF staff working within your region to ensure effective collaboration and to maximise opportunities to generate income and awareness. Be a senior representative of the BHF within your area networking and relationship building personally with key supporters, media contacts, and opinion formers across the region to influence and win support

Delivering fundraising

- Work alongside the team managed by the role to secure and realise key fundraising opportunities, while taking responsibility for account managing some high-value and complex supporter relationships
- Ensure all regional fundraising activities comply with appropriate legal requirements, data protection regulations, sector best practice and with BHF policies
- Perform such other tasks as the Head of Community Fundraising may require
- Working outside core hours on occasion and if required

Knowledge, training and qualifications

- IT literate and fully conversant with Microsoft packages
- An understanding of and empathy for BHF's cause and objectives
- Have knowledge of the geographical area
- Full UK driving license
- Fundraising, Marketing, PR or Events qualification is desirable

Experience

Essential

- Demonstrable track record of success in managing field fundraising, sales or marketing
- Excellent people management skills and experience of motivating teams to deliver targets
- Demonstrable experience of PR, communication and marketing activity
- Experience of preparing, monitoring and analysing budgets and setting targets
- Experience of using databases within sales, marketing or fundraising settings

Desirable

- Experience of managing remote based teams
- Experience of volunteer management, and/or working with volunteers

Skills and attributes

- Excellent budget management skills to maximise net income, with the ability to present and interpret financial information
- Strong influencing and negotiating skills, and the ability to have challenging conversations at all levels
- Strong operational planning, time management and prioritisation skills.
- Able to identify opportunities and to focus team and individual activity to maximise success
- Excellent communication, presentation and public speaking skills, an ability to motivate and inspire your team and our supporters
- Able to build relationships and network effectively with a wide range of audiences
- A demonstrable ability and confidence to successfully make 'the ask' for support
- A collaborative team player who proactively supports colleagues and works towards BHF's shared purpose and goals
- Resilient and able to work effectively under pressure
- Able to work effectively from a home base and willing to work evenings and weekends when necessary
- You should have your own transport and hold a full UK driver's license and have the ability to travel as and when required by the role

Safeguarding

At British Heart Foundation (BHF), we are committed to creating a safe and rewarding environment for all of our people to work and volunteer. This means we have a robust safeguarding policy to ensure everyone is treated properly, and a whistle blowing service so people can raise any concerns they have confidentially.

Data protection

During your employment, this role will encounter some personal data. The role will be permitted to access and use the following types of personal data:

- Personal details, contact information and/or family details
- Personal financial information - including any of the following - donations, gifts, bank account, card numbers
- Personal Sensitive data - including any of the following - health, race, ethnicity, sexual orientation, political affiliation, trade union membership, religious or philosophical beliefs, biometric or genetic data, criminal record

If you find yourself with access to personal data you are not authorised to have, you must report it to your line manager and the IT Service Desk immediately.

How to apply

To apply for this role please use the apply button via the jobs page on our website. Our process involves submitting your CV and a supporting statement, which should outline your interest and explain how you meet the criteria stated in the person specification. You may also be asked a few application questions, depending on the role you're applying to.

All applications are managed by our Recruitment team. If you wish to speak with a member of the team regarding the role and your application please contact us on careers@bhf.org.uk

Should you need any adjustments to the recruitment process at application stage please contact the Recruitment team on careers@bhf.org.uk
