Appointment of Stockroom Assistant

Dear Candidate,

Thank you for your interest in our role of Stockroom Assistant at British Heart Foundation (BHF).

It is my privilege to lead the Retail team for the UK's largest charity retailer.

British Heart Foundation is strong, highly effective and well respected nationally and internationally. Every day we turn to research for hope, which is funded solely by the generosity of our supporters. At BHF, we know the only way to get closer to a world free from the fear of heart and circulatory diseases is to invest in pioneering research that has the greatest potential to improve and save lives.

When it comes to retail, we are leaders in the sector. We have around 680 stores across the UK and ongoing expansion plans. We serve 60 million customers each year. Plus we've regularly delivered annual profits of up to £30 million that help fund pioneering research into heart and circulatory diseases. We couldn't do it without our people who run a seamless operation, get a kick out of finding brilliant products, and deliver first-rate customer service.

As a Stockroom Assistant you'll support the management team to drive sales and profitability by managing all stock within the store.

We want an exceptional colleague who exemplifies and champions our values; brave, informed, compassionate and driven. It's an incredibly exciting time to be part of our team. We are more ambitious and determined than ever – because the potential cures and treatments we need are in sight. You could be part of getting us there sooner, so thank you for your interest.

BHF is also proud that we are working towards being a truly diverse organisation, with an Equality, Diversity and Inclusion (EDI) strategy, Igniting Change, which sets out a roadmap of the changes we want to see by 2025. Our growing commitment to equality and diversity spans across our organisation and we pride ourselves in being an inclusive employer who puts diversity at the heart of everything that we do.

So, if you feel you have the skills and experience that we are looking for, and you share our determination to help fund lifesaving research, then we would be delighted to hear from you.

Alli Swaine-Hughes
Retail Director

“CPR and heart surgery saved my life when I was six. Research made that happen.” - Jady Briggs

About British Heart Foundation

For more than 60 years, British Heart Foundation has been at the forefront of cutting-edge research that has saved and improved millions of lives. But, despite this progress, our work is needed more than ever today. Over 7 million people are living with heart and circulatory diseases in the UK - that's our parents, grandparents, children and siblings. Heart and circulatory conditions remain the biggest killers globally.

We raise money to fund research that helps to save and improve lives, and to support people affected by heart and circulatory diseases. These diseases can affect anyone.

For over 60 years we've been a leading independent funder of research into heart and circulatory diseases. We are the UK's largest charity retailer with around 700 stores, an employee base of over 4,000, supported by a further 18,000 volunteers.

Our lifesaving work is primarily advanced through long-term investment in medical research. We have £437 million of BHF-funded research underway, with an aspiration to invest in excess of £1 billion in research over the next ten years.

We have so much to be proud of. But we know we're just scratching the surface of our true potential. And the challenges we face are as grave as ever.

There is nothing more precious than our hearts. But the tragic reality is that millions of people's hearts are at risk. Mounting numbers of people face an agonising wait for care, while many more live in hope of treatments and cures that could save or improve their lives.

At the same time, we stand at the precipice of revolutionary scientific advances. From unleashing the power of artificial intelligence (AI) and Data Science which could stop heart attacks and strokes, to finding revolutionary gene editing cures to end sudden cardiac death.

We need more support. By joining British Heart Foundation, you could help us bring hope to people living with heart and circulatory diseases in the UK.

Working in retail

Let us share our story so far...

Our retail operations began in 1987 with two very determined fundraisers from Leicester, Dorothy and Anne. From their initial shop, their legacy lives on. We have opened an average of one shop every fortnight for 36 years and we now have around 680 stores across the country. We are the UK's largest charity retailer.

We fully appreciate that we have a role going beyond being a great retailer. We continue to connect with our local communities who generously offer gifts of reusable quality goods or give their time volunteering in our stores.

Our diverse retail operations continue to deliver significant profits to help fund our lifesaving research. We continue to review our shops and the property we invest in and plan to open further shops in several improved formats in the next five years.

Multichannel retailer

Online remains at the forefront of our retail growth as we increase investment in our data capabilities, customer service and customer facing technology infrastructure.

We launched a new in-shop online listing tool so that all our shops can list and despatch items directly as well as through our central online operation in Leeds.

We've continued investing in our in-store technology, such as Wi-Fi, to enable our colleagues to make the most of online retail opportunities by listing and selling directly from all our shops.

Our online sales grew 36% over the course of 2022-23, including 44% year-on-year growth through our eBay shop that focuses on selling high value and unusual donations. This successful year reinforced our position as eBay's largest charity retailer worldwide.

Our new goods online shop grew by 13% over 2022-23, driven by strong sales of medical devices such as defibrillators, blood pressure monitors and ECG monitors.

Open to opportunities

Making sustainable choices

Our core activity of selling pre-loved items makes a huge contribution to sustainability, and, over 2022-23, we sold over 55,000 tonnes of donated items, including nearly 190,000 sofas, nearly 4.4 million books and over 10 million items of clothing.

The items we reuse and recycle have a significant positive environmental impact, enabling lower greenhouse gas emissions, reducing pressure on natural habitats for raw materials and conserving limited resources such as rare metals and water.

We have also begun our transformation to a green car fleet, and all new cars on order are either electric or hybrid. We have also started trialling our first electric vans across our fleet of over 300.

We have switched all our carrier bags over to biodegradable materials and we have also switched to a 100% renewable electricity tariff to power our buildings.

Stock partnerships

Our shops and online sales operations can handle almost any type of donation, enabling us to support a wide range of organisations and their environmental, social and corporate governance strategies.

During 2022-23 we received major stock donations from a wide range of organisations including Charles Tyrwhitt, boohoo group plc, Amazon, Happy Homewares, Novati and Snugz for which we are particularly grateful. OCS donated 500 beds, mattresses and furniture items used during the Commonwealth Games that we were able to sell for £100,000.

Our Pack for Good campaign continues to encourage over 100 universities and their students to donate items throughout the year.

We are delighted to have also onboarded eight additional national partnerships with student accommodation providers this year.

Being a responsible charity

We've become a more socially, environmentally and financially sustainable organisation.

Our core purpose is to save and improve the lives of people affected by heart and circulatory diseases. We raise money to fund research to find cures and develop treatments for the world's biggest killers. And we are determined to do this in a responsible way.

Climate change, environmental sustainability and social inequality are some of the critical challenges of our time and are clearly highlighted in the UN's Sustainable Development Goals. Our own health is dependent on the planet we inhabit, and the way societies are structured, which are often unfair and unequal on its people. We recognise our responsibility and the important role we play in tackling these issues.

Our strategy to 2030 highlights our commitment to being a healthy and inclusive place to work and a leading force for good in society. We are proud of our progress in the area. Our retail activities contribute significantly to the UK's economy and communities. Our EDI 'Igniting Change' strategy demonstrates

our commitment to improving equality, diversity and inclusion in all areas of our work, and we have programmes underway to reduce the environmental impact in many areas – from our transport to our supply chains. But we want and need to do more.

In response to soaring energy costs, we formed an Energy Efficiency Task Force and launched an energy awareness campaign, You Have the Power, to share energy saving information with BHF colleagues and volunteers.

Overall we were able to reduce our consumption by 10% over 2022-23. We will continue to explore energy efficiency improvements and to give our staff and volunteers more power to reduce energy consumption while providing a safe and comfortable working environment.

Funding animal research is not a decision we take lightly. You can read more relating to our commitments in research [here](#).

Our strategy to 2030

Inspiring support, accelerating breakthroughs, saving lives.

BHF has never been more needed. But we're poised and ready to meet this moment.

Our strategy is a commitment to helping achieve this vision, and sets out the objectives and activities we will prioritise in the years ahead.

Team BHF attending
Birmingham Pride 2023

Equality, diversity & inclusion

Our push for equality, diversity and inclusion takes many forms, including how we manage our organisation, and how our research funding helps to tackle health inequalities.

Reducing heart and circulatory disease health inequalities is an important part of our strategy to 2030. The ongoing work of Kaleidoscope, our equality, diversity and inclusion group, as well as our Research Inequalities Working Group, demonstrate our commitments to improve equality, diversity and inclusion for our staff, our volunteers, and our funding activities. We want all of our BHF colleagues to have development and progression opportunities, and to embed a more inclusive culture throughout our organisation. Our EDI strategy, Igniting Change, sets out our roadmap of the changes we want to see by 2025.

Our Kaleidoscope group is made up of representatives from across the organisation. Our activities encompass accessibility to work and progression for those with care responsibilities, working parents, those with disabilities and long term health conditions, different age groups, those from underrepresented ethnic backgrounds, LGBTQ+ individuals and many more forms of diversity, visible and invisible.

We have a number of affinity groups within the organisation. These include spaces for working parents, individuals from different religious, racial, and ethnic backgrounds, members of the LGBTQ+ community and those with disabilities and long term health conditions. These are designed to be spaces for colleagues to feel connected, included and heard.

Whilst working for BHF, we actively encourage our colleagues to feel safe to bring their true selves to work. We strive to create a culture where colleagues are inquisitive about diversity and keen to get involved in all activities which make individuality and inclusivity part of what we do every single day

We want to fund lifesaving research for everyone. We can help to achieve this by welcoming colleagues from all backgrounds to come and be part of our BHF family.

Building an inclusive and supportive environment

Many heart and circulatory diseases are diseases of inequality. We are committed to funding lifesaving science for everyone, and we are committed to being an inclusive employer.

At BHF we want to ensure our workforce reflects the general population of the United Kingdom, so we can better represent the experiences and voices of the communities we support. A more diverse, inclusive, and fair BHF will not only improve the quality of what we do, but the impact we have.

Staff engagement

Listening to our colleagues, and understanding what matters, is always the first step in improving the employee experience.

Our wide-ranging employee survey received record support (69%), and attracted 19,000 comments and views. Our engagement score, one of the most important measures we track, was maintained at 7.5 out of 10.

Heartfest

In June 2022 we held our first Heartfest, an online festival that brought BHF colleagues together to celebrate our work and give everyone a chance to reconnect with each other and to our cause. The various interactive sessions featured colleagues, patients, researchers and supporters sharing inspiring stories, with music and wellbeing sessions adding to the festival feel.

Heartfest returned in 2023, bigger and better, and incorporated both online and in person events at BHF offices and shops across the UK.

Becky's story

Becky Newham, Senior Manager, Planning and Performance: "I'm 38 and have been living with sight loss since the age of 8. I've worked with various individuals across the organisation to raise awareness of some of the challenges I face and improve some of our ways of working. For me to be fully included it requires support from everyone on an ongoing basis."

Celebrating Pride

Pride is a chance for us to learn and show support for the LGBTQ+ community. BHF colleagues took part in Pride events across the country, including Edinburgh, Birmingham and London Pride events.

These are our values

We are proud that the work we do is funding groundbreaking, lifesaving research that one day could see a world free from the fear of heart and circulatory diseases, including conditions such as heart attacks, stroke and vascular dementia.

That's why our values are key to defining who we are, how we do things and how we can achieve our ambitions so that every pound we raise funds the science that keeps millions of hearts beating.

We're brave

We speak out. We're decisive. We're innovative.

We're compassionate

We're open and honest. We respect others. We care.

We're informed

We're clear. We're open minded. We're work together.

We're driven

We're focused. We're determined. We keep learning.

Our benefits

We all achieve more together when we're happy and healthy

As a world class organisation, we offer competitive salaries and an attractive package of benefits, designed to support the health and wellbeing of everyone who works here.

Our generous benefits include:

Annual leave

Our annual leave allowance of 30 days plus bank holidays is among the best in the sector.

Health cash plan

We will help cover the costs of certain medical treatments to ensure if you need treatment, they are more affordable.

Family leave

We offer 12-weeks' pay package for all family leave including maternity, paternity and adoption leave and are committed to offering returning parents and guardians the opportunity to work flexibly.

Live well. Work well.

Heart health is central to our mission, and that starts with you. We provide a programme of activities, opportunities and guidance to inspire and support you to live a healthy and happy life, at home and at work.

Support leave

We offer a holistic support leave of up to 10 days leave to support colleagues in time of uncertainty, where you may need to take additional time away from work to support yourself or others during a life event, such as caring responsibilities, bereavement, and specialised medical appointments.

Pension

Our generous pension scheme will support you to save for your retirement. You can contribute a minimum of 3% but can increase this to 8% or more, with employer contribution starting at 5% and increasing to a maximum of 10%.

Job specification

Job description

Job title	Stockroom Assistant		
Directorate	Retail		
Team	Shops & stores		
Reporting to	Store Manager/Stockroom Manager	No. of direct reports	N/A
Agility contract type	Shop		
Budgetary responsibility	N/A		
Job level	8	Date	Sep 2020

Role summary

To be motivated, proactive and driven to lead the store to success. To support the management team to drive sales and profitability by managing all stock (to include furniture, electrical goods, books, music and clothing items) within the store including customer donations and deliveries.

Our Warehouse Assistants are Ambassadors of the BHF who consistently provide a high standard of customer service and maintain a high standard of housekeeping to deliver our retail proposition and strives to build their knowledge of the charity whilst encouraging others to do so.

Maintaining H&S at all times and contribute to a customer first environment. The role requires a high level of hands on manual work that involves moving large items of stock.

You will be confident working in a fast-paced retail environment, stepping up to run the store when required.

Key responsibilities

Sales and Profit

- Always contribute to overall store performance to maximise sales by implementation of all BHF promotions as per BHF guidelines
- Understand all cost-effective income streams, with omni-channel and online being priority to deliver our retail proposition. Identify products to be placed online to support this income stream and ensure you are fully trained in process and procedures
- Promote add on services including house clearances, post back, furniture assembly and any other future services to maximise store profit.
- Compliant with Gift Aid procedures within the warehouse operation to help drive Gift Aid income
- To be fully informed on business and store goals and values to support store in achieving results.
- Collaborate working across the store, covering all the departments if required to maximise productivity
- Work with the management team to ensure always providing a high standard of customer service, maintaining a high standard of housekeeping and visual merchandising using the correct guides to deliver our retail proposition
- Collaborate with BHF divisions in the local community through supporting events and campaigns

People Management

- Assist the store management team in managing, recruiting, retaining and developing volunteers within the store to strive for results
- Create an organised and enjoyable working environment for colleagues to ensure the shop always runs effectively
- Adopt a positive work ethic and behave in a respectful and professional way at all times
- Step up to run the warehouse and other store departments as and when required
- Deputising for the store management team when required
- Hold keys and run the store in the management team absence when requested

Customer Experience

- Assist customers with collections and donations
- Ensure that it is easy for our customers to access our services (donations, delivery, house clearance) maintaining the required service levels expected
- Demonstrate drive and enthusiasm and be able to inspire others to deliver excellent customer service
- Have a good working knowledge of all departments to be able to answer and deal with all customer queries
- Always do the right thing for our customers and ensure we go the extra mile for them

Key responsibilities

Stock

- Handling customer donations and new goods deliveries with care through the warehouse operation
- Conducting manual work that involves moving a variety of stock (to include sofas, beds, tables, furniture, electricals, homewares, books and bags of clothing)
- Organisation of stock to ensure it is safely stored and secure at all times, following H&S guidelines
- Pricing donated stock according to current price guides to maximise sales opportunities.
- Support the management team by accurately managing and recording all donated stock by using the store's electronic stock capture and reporting systems and ensuring the Team is fully trained on how to achieve this
- Managing and completing all administration accurately
- Completing stock takes in accordance with BHF processes and policy
- Support the management team in managing stock loss by following the correct BHF processes and procedures.
- Driving replenishment of saleable stock to ensure maximum density on the sales floor, through completing daily floor walks to identify the opportunities
- Prompt removal of sold items from the salesfloor to aid replenishment and stock movement and rotation of fresh stock
- Excellent visual merchandising on the sales floor required, ensuring all stock is well presented using the correct guides to deliver our retail proposition
- Safely constructing items for display purposes following all H&S requirements

Security & Income protection

- Support the management team in being fully compliant with all audit requirements
- Ensure all BHF till procedures are adhered to and that cash handling is secure at all times
- Adhere to GDPR guidelines to ensure all personal data is correctly stored
- Adhere to all BHF policies in relation to cash handling and security procedures
- Maintain security of the building at all times and in the absence of the management team

Health & Safety and compliance

- Provide a safe environment that protects all store colleagues and general public
 - Comply with all Health & Safety regulations and operation procedures as per BHF policies
 - Ensure GDPR compliancy at all times
 - Ensure all relevant paperwork is completed
 - Ensure that stock is managed in accordance with legal regulations
 - The role requires a high level of hands on manual work that involves moving large items of stock
 - Ensure the appropriate PPE is used when required
 - Ensure van drivers are compliant and following all H&S BHF policies and procedures
 - Working with the management team to maintain the security of the building at all times
-

Person specification

Knowledge, training and qualifications

- IT literate and numerate
 - General organisation skills
-

Experience

- Experience of working in a target driven environment preferred but not essential
 - Experience of working in a warehouse/large space environment desirable but not essential
-

Skills and attributes

- Good organisational skills
 - Strong numerical skills
 - Strong team player with the ability to work collaboratively with others
 - Ability to work under own initiative
 - Approachable with a can do attitude
 - Enthusiastic
 - Flexible
 - Committed to achieving the highest retail standards at all times
 - Results driven but with a recognition of right result, right way
 - Thriving in a fast-paced environment
 - Willingness to learn
 - Able to follow instructions
-

Safeguarding

At British Heart Foundation (BHF), we are committed to creating a safe and rewarding environment for all of our people to work and volunteer. This means we have a robust safeguarding policy to ensure everyone is treated properly, and a whistle blowing service so people can raise any concerns they have confidentially.

How to apply

To apply for this role please use the apply button via the jobs page on our website. Our process involves submitting your CV and a supporting statement, which should outline your interest and explain how you meet the criteria stated in the person specification.

All applications are managed by our Recruitment team. If you wish to speak with a member of the team regarding the role and your application please contact them on careers@bhf.org.uk

Early application is encouraged as we will review applications throughout the advertising period and reserve the right to close the advert early should we receive a sufficient number of applications.

Should you need any adjustments to the recruitment process at application stage please contact the Recruitment team on careers@bhf.org.uk
